The *Glow* Blueprint

A ready-to-post, 12-week content system for a skincare brand built around acne care, glow, and fading hyperpigmentation.

Instagram + **TikTok** | Women **18–35**, urban | **12** weeks · 3 phases

1 FOUNDATION

Brand Overview

"We help women get visibly clearer, brighter skin — without the confusion, the 12-step routines, or the marketing lies."

Real ingredients, real results, explained in plain language. Effective **and** approachable — the trusted friend who happens to know actives inside out.

Tone of Voice

Four voices, blended in this ratio. Educational leads; shaming never appears.

Educational	40%
Relatable	30%
Expert	20%
Friendly	10%

Target Audience Breakdown

SEGMENT	WHO THEY ARE	CORE PAIN	WHAT THEY WANT
The Frustrated Fighter 18–24	Students / early-career, acne-prone, has tried everything	Persistent breakouts, texture, redness	Something that finally works; not to feel broken
The Spot-Chaser 23–30	Working women dealing with post-acne marks	Dark spots, hyperpigmentation, uneven tone	Even, photo-ready skin without heavy makeup
The Glow-Seeker 25–35	Career women, premium budget, results-driven	Dullness, early aging, tired skin	Healthy, lit-from-within glow; efficient routine

Shared mindset: scroll skincare daily · distrust overhyped claims · price-conscious but pay for proof · heavily swayed by before/afters and "people like me" · shop on mobile.

2 THE ENGINE

5 Content Pillars

Every post belongs to one of these. Together they balance reach, trust, and sales — each pillar has its own colour throughout this blueprint.

01 · EDUCATE

Skincare Science, Simplified

Teaching how ingredients and skin actually work. **Why it matters:** builds authority, earns saves & shares, and pre-sells products by making people understand why they need certain actives.

1. "Niacinamide vs Vitamin C — which is for YOUR skin?" (carousel)
2. "The correct order to layer actives (most get #3 wrong)" (Reel)
3. "Why your acne treatment is breaking you out more" (TikTok)

02 · PROBLEMS

Myth-Busting & Skin Concerns

Naming acne, dark spots, and uneven tone directly. **Why it matters:** this is where your audience feels seen — it drives comments, saves, and follows because it's hyper-relevant.

1. "Stop popping pimples — here's what it does to dark spots" (Reel)
2. "3 acne myths keeping your skin broken out" (carousel)
3. "Why hyperpigmentation takes so long to fade" (TikTok)

03 · PROOF

Results, Before/Afters & Reviews

Real transformations, UGC, honest timelines. **Why it matters:** skincare is a proof-driven purchase — before/afters are the single highest-converting content in the niche.

1. "8 weeks of consistency — real results" (before/after Reel)
2. "5 women used this for 30 days — here's what happened" (TikTok)
3. "Screenshot dump of your DMs" (review carousel)

04 · PRODUCT

Show, Don't Just Sell

Demonstrating products in use — textures, application, what's inside. **Why it matters:** people buy what they can visualise using; converts warm audiences.

1. "The 3-step routine for fading dark spots" (Reel)
2. "What's actually inside our serum" (carousel)
3. "POV: your glow routine on a Sunday" (ASMR TikTok)

05 · COMMUNITY

Relatability & Behind-the-Scenes

The human side — founder story, values, humor, polls. **Why it matters:** community turns followers into fans and fans into repeat buyers, extending reach beyond buyers.

1. "Skincare girlies when someone says 'just drink water'" (meme Reel)
2. "Why I started this brand (my acne story)" (founder TikTok)
3. "Rate my shelfie / show me your routine" (Story series)

The 40% rule

Even in the sales month, keep ~40% pure-value content. If every post sells, reach collapses — selling works **because** education earned the trust first.

3 THE JOURNEY

The phases follow buying psychology, not the calendar: earn reach → earn trust → then, and only then, sell.

2 **Myth-bust**

Hook: *"Stop wasting money on this 'miracle' ingredient."*

3 **Purging vs breaking out**

4 **Order-of-application mistake**

6 THE SYSTEM

Content Calendar System

Consistency beats intensity. Batch on the weekend, schedule Reels/carousels in Meta Business Suite, post TikToks natively for best reach.

Weekly cadence

A workable volume you can sustain for 12 weeks.

Ideal IG mix (per 5 posts)

- **2 Reels** — reach (Educate / Myth-bust / Trend)
- **1–2 Carousels** — saves (deep Educate or Proof)
- **1 Product/Proof post** — consideration & conversion
- **Stories daily** — polls, Q&A, BTS, UGC, reminders

Weekly Rhythm Template

DAY	INSTAGRAM	TIKTOK
Mon	Reel — Educate	1–2 videos (trend + educate)
Tue	Carousel — deep dive	1 video (myth-bust)
Wed	Reel — Proof / before-after	1–2 videos (storytime + ASMR)
Thu	Story series — Q&A / poll	1 video (reply-to-comment)
Fri	Product / Community Reel	1–2 videos (product + relatable)
Sat–Sun	1 lighter post + Stories	1 video (repurpose best of week)

Golden rule: repurpose every top TikTok as an IG Reel and vice versa. Never let a winning idea live on one platform only.

7 MEASURE IT

KPI Tracking System

Watch the metric that matches the month: reach & saves early, saves & profile visits mid, clicks & conversion signals late.

Awareness

Reach · impressions · views · follower growth

Trust

Saves (strongest signal) · shares · comments · profile visits

Conversion

Link clicks · code use · buying-intent DMs · checkouts

Weekly Tracker · fill in every Sunday

WK	REACH	ENG %	SAVES	SHARES	NEW FOLLOWS	PROFILE VISITS	LINK CLICKS	CONVERSION SIGNALS
1								
2								
3								
...								

How to use it: each month, find your top 3 posts and make more of what worked — same format, hook, and topic. Let the data pick your next month's content.

8 CHANNEL PLAY

Platform Strategy

Same content brain, platform-specific delivery. Never post identical uncut content to both — tweak the hook and pacing for each.

IG Instagram

- **Reels = reach engine.** Lead with them; front-load a text hook, trending-but-relevant audio, 7–25s, on-screen captions.
- **Carousels = saves engine.** Slide 1 is a scroll-stopper, last slide is the CTA. Genuinely useful, screenshot-worthy.
- **Stories = relationship engine.** Daily polls, quizzes, Q&A stickers, BTS, UGC reposts, link stickers for traffic.
- **Profile = funnel.** Clear bio ("what we fix + for whom"), pin your 3 best-converting Reels, clean shoppable link.

TikTok

- **Hook harder, faster.** First 1–2 seconds decide everything — open with tension, a bold claim, or a relatable moment.
- **Storytelling wins.** Talk to camera like a friend, storytime formats, reply-to-comment videos, part 1/2/3 series.
- **Lean into trends & sounds.** Adapt trending audio to skincare fast — trends move in days, not weeks.
- **Post more, polish less.** Volume and authenticity beat production value. Repurpose winners to IG Reels.
